TOUGAS HAS A NEW PLAN

Eugene Tougas, noted attorney for cases involving land ownership and gravel cases, presented the Wilmington Planning Board with a novel approach, in sub-division control, Tuesday evening.

Mr. Tougas presented a plan for some land off Federal Street, which has been turned down at least three times, but instead of having the house lots delineated, he had only two large lots of land, to be subdivided in the future.

If he succeeds Mr. Tougas will have saved himself much discussion, concerning the subdivision of land, and will also be blazing a new trail for other sub-dividers to follow.

Everyone wants to be a Selectman

The Town Clerk has so far given out six sets of nomination papers to residents of Wilmington who want to become Selectmen of this town, in the March elections.

Moderator John Callan has taken out papers for his post.

And no one else. There are no candidates, as of this writing, for the two positions open for three years on the School Committee, now occupied by John Brooks and Walter McNamara, nor for the one year term in the position now occupied by Mrs. Nancy Clark.

The five year term on the Wilmington Housing Authority has no candidates, at this time. Wilson Belbin now holds the office. Nor has there been any development for the five year term held by Raymond McNamara on the Wilmington Redevelopment Authority.

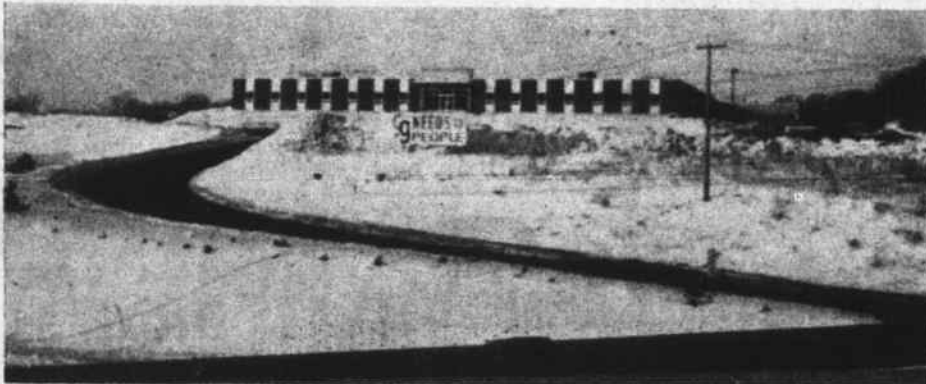

The last vacancy, for which there are no candidates as yet, is that for the three year term of the Regional Vocational High School, now held by Eugene Kritter.

Nomination papers for Selectmen have been taken out by Selectman James F. Banda, running for re-election; George Cooper of 12 Allen Park Drive; Kelvin Keough of Magazine Street, former Selectman George W. Boylen Jr., of Ledgewood Road, David F. Walsh of 144 Grove Avenue and Francis Sferazza of 31 Fairmeadow Road.

WAVIE WAS EIGHTY, SUNDAY. Mrs. Wavie Drew, for 20 years a Selectman of Wilmington, photographed in her home on Chandler Road, Sunday. It was her eightieth birthday, and she was the recipient of flowers and plants from friends.

Mrs. Drew is the only Selectman of Wilmington who can recall the days before Wilmington adopted the Town Manager plan, and the Selectmen served in many capacities, including that of Board of Health. A Gold-Star mother of World War II, this is her last year office. She plans to retire in March.

Garbage Collection

Winter storms are drastically hampering garbage collections. The collector will not go into a yard where a path is not shoveled from the street to the bucket.

It is the homeowners responsibility to see that the cover can be opened and the garbage is not frozen so it can be removed by the collector. In case of a snow storm on your collection day, your collection will be the following week.

BEST DRESSED MAN

The Best Dressed Man of The Year Award goes to Town Manager Sterling Morris, for the suit he bought in Spain, while on vacation last fall.

There have been, in the past few years, jokes about modern aviation being "Breakfast in Bombay, Lunch in Rome, Dinner in London, and Luggage in South Africa".

Mr. Morris bought a ticket to Spain, but his luggage ended up in Argentina, and was not recovered for some weeks.

As a result he had to buy a suit while in Spain, to alternate with the clothing he was wearing when he arrived there. He has not worn the suit since returning home.

DAVID WALSH: Son of Mr. and Mrs. Frank Walsh of 148 Grove Avenue is the first Under 21 Candidate for political office in Wilmington. He has taken out papers as a candidate for the Board of Selectmen.

No Great Rush

There has been no great rush on the part of the 18 to 21 year olds of Wilmington, to become registered voters of Wilmington.

As of Tuesday morning there were a total of three new voters in the Under 21 Class. One was a girl of 18, one a boy of 18, and one a 19 year old boy.

The Liquor Ballot

Of interest to the people of Wilmington may be a bill which has been introduced into the 1971 Legislature by Mayor Gill of Woburn. The Mayor is trying, it would seem to solve one of the problems that his city and other communities have, about the serving of liquor, without having the open taverns which become a blot on the community.

Mayor Gill seeks to have a separate liquor referendum question on the state election ballot which specifically refers to first class restaurants, as distinguished from the general term of taverns. Such restaurants would have a seating capacity of at least 99 persons, kitchen facilities sufficient to provide full course dinners of ample variety, and the Mayor suggests that such licenses be limited to one for every 5000 persons.

Woburn, as did Wilmington, has had it's problems with taverns. The only alternative to taverns seems to be package stores, which to many are sufficient, but which means that any functions, such as the retirement of a town official, has to be held out of town, because the local restaurants cannot compete with those having tavern privileges.

As such the law as it is written is unfair to local restaurant owners, and Mayor Gill seems to be aware of this.

His approach is similar to that tried in the Town Meeting of Wilmington last year. Perhaps the Mayor will have better luck, in his effort to control liquor sales by sensible laws.

What Judy Thinks

Dear Captain Neilson:

Some years ago, a respected town official remarked to this writer, that the newly established Town Crier was little more than so many pages of "what Larz Neilson thinks"....well....maybe....but, it must be noted that from time to time, you have given various amounts of space to what somebody else may think. Have you the fortitude to do that now? Will you allow yourself to be disagreed with in your own newspaper?

For a long time now, those of us who listen to religious people, have been hearing of the glorious feats of the "Blessed Trinity", now it seems our town has the great good fortune to count among it's employees an even greater miracle.....a "Blessed Quartet", four "Golden Boys" without whom our fair community would collapse into a heap of worthless rubble.

Have our Chief Assessor, our Engineer, our Building Inspector and our Sanitarian never worked before? If they have, how could their previous employers ever allow themselves to display such stupidity as to let four indispensable individuals depart their employ?

There is little doubt that these men are performing their duties well, but do you really believe we have only four capable employees who are being underpaid?.....unlikely!

Why did a man of such stature as our Chief Assessor ever condescend to come to our town, walk into and attempt to straighten out the inadequacies of his office... why should such a capable man take on such a program which had been so flagrantly mishandled by his bungling predecessors? There must have been easier, neater positions elsewhere where he could have been better paid!

A year ago, our Police Chief had the audacity to stand up at town meeting and ask for a raise in pay. He was told by the voters, in essence, that if he did not like his

work and his pay, perhaps he should seek employment elsewhere. This, granted is not the proper attitude for any employer to assume. Any thinking man who has satisfactory help will do anything within his capabilities....note...within his capabilities, to keep that help contented. However, when the demands of employees become exorbitant, the employer has no alternative.

Is our Police Chief with his years of experience and service due any less consideration than any of the four men mentioned above?.....Is he any more expendable....probably not! But, you nor anybody else jumped on his bandwagon! He stood alone and asked for what he wanted. He was turned down and he went back to work with no veiled threats of resigning!

This is only used as an example, there are probably many more who labor for the good of Wilmington who are underpaid. Why single out just four? If you are going to wave a flag for underpaid town employees, why don't you do a little research and finish the job you've started?

This town, Captain was incorporated in 1730, would you like to explain to your readers how you think it managed to survive and even to prosper for some two hundred and thirty years prior to the advent of our "Blessed Quartet"? Contrary to what you seem to feel..... Somewhere along the line, somebody must have been doing something right!.....

Judy Pierce

What Larz Thinks

Judy:

You are a gal who has been puzzling the Town Crier. You know the town - well. You were evidently raised in East Wilmington. You have a fine capacity for writing. Yet, who the heck are you? You must come around some time and introduce yourself.

The pages of the Town Crier have always been open to responsible opinions by others. All that is required is a signature. People who don't bother to sign letters just don't get their letters in the Town Crier - and that's the rule.

There is a real reason behind that editorial of a week ago. "The Devil You Know is better than The Devil You Don't Know" may have come from Confucius, or Benjamin Franklin, or the ancient Greeks, but it's the case in this point.

Something like six or eight years ago Wilmington had a good Assessor who was fired by the then Town Manager, for reasons which were never explained, but were probably because the Assessor would not violate his oath of office, and take orders from the Town Manager. Another, more complacent Assessor was imported from New Hampshire, and the town was turned over to the "Devil It Didn't Know". It became quite a mess, in three years - you remember how the businessmen squawked at the increases in assessments while the home owners laughed, and then the home owners squawked when they in turn were singled out, section by section.

That Assessor was replaced, finally, and he left, unlamented. Mr. Kremenski had quite a job on his hands, when he was chosen for Assessor in this town, and he has done outstanding work, in straightening out the mess. He is to be commended, as one of the finest Assessors in Massachusetts.

The Town Crier would far rather see Mr. Kremenski paid for what he is worth, and retained as an Assessor in Wilmington, rather than let him go to a town that

UNITARIAN UNIVERSALIST CHURCH OF READING

At the Unitarian Universalist Church of Reading, a dramatic presentation of the story "Street of Dreams, Feet of Clay" by Robert Sheckley will be given at the 10:30 Morning Service this Sunday.

A great deal is heard, these days, about self-identity among the minority groups. However, what about those in the majority groups who feel they have self-identity?

There are certain drawbacks in this condition. The story will suggest the nature of one possible imperfection in the technological affluency among the majority.

Selectmen's Meeting

NO LICENSE FOR BURGER CHEF

Burger Chef, a chain of Hamburger stands, will not operate one of their stands in Wilmington. The Board of Selectmen, acting with the newly voted High Density Zoning behind them, unanimously denied a license to Burger Chef, in their Monday night meeting.

Burger Chef seeks to build adjacent to the old Wilmington Ford plant, southerly from Wilmington Square. Their attorney, a Mr. Kneeland, was present to hear the decision, and presumably, to decide whether or not there was ground for legal action.

The denial was based on a written statement by Selectman Carl Backman, who cited, among other reasons that the proposed Burger Chef would increase traffic on an already over-burdened Main St. and increase the risk of accidents. Wilmington, he said, has already sufficient licenses for eating establishments, and the issuance of another license would tend to lower the standards of existing eating houses.

From the reading of the reasons by Backman there is reason to believe that they had been prepared by the Town Counsel.

Other Business

A "Thank You for a Job Well Done" letter was received from Walter A. Lawler, of Swain Road. The letter was with reference to the demolition of some old hen houses, which have been standing unused, and falling to pieces, on

adjacent property for some years. Mr. Lawler mentioned that there are other buildings in town which could be a health menace, and hoped that they would be taken care of.

Miss Ann Fuller, RN, of 25 Fairmeadow Road, was appointed an alternate voting member of SHARE, to represent the Selectmen of Wilmington in the Lowell Area Drug Program, which was recently funded by the state.

Wilmington has two voting members of SHARE, Chairman Bruce MacDonald of the Board of Selectmen, and Lester White of Marcus Road. Miss Fuller can be an alternate for either member.

The Town of Andover has asked Wilmington to participate in a Greater Lawrence Waste Disposal Study Committee. The Selectmen appointed Ernest Romano, Director of Public Health for Wilmington to represent this town.

A number of licenses were renewed. Common Victualers and Garage, and the Selectmen went into executive session at 8:45 p.m. to discuss the Town Manager's Budget.

Planning Board Flood Plains S.I.L.C. Gene Tougas

The Wilmington Planning Board, Tuesday night, approved a proposal by SILC, the inter-town liason committee, that the census of the various towns include questions on transportation of workers from their home to their place of employment. Unanimously the board voted to appropriate not over \$600, for cards to be carried by the people taking the Census in Wilmington, having such questions as: If you go to work by auto, do you drive yourself, or go to work as part of a group? The Planning Board and SILC hopes to get useful information concerning circulation patterns in the 7 town survey.

The questions were prepared by SILC, and will be tabulated by SILC at no cost to the town. The only cost which the Planning Board is paying is 15¢ per card, for the actual canvassing.

Some of the census taking has already been completed in Wilmington, and the results from those homes already canvassed will be lost, in the SILC survey, but the greatest part of the work is still to be done.

Flood Plain Zoning

A letter from Robert MacIntosh, of the U.S. Army Corps of Engineers, discussed Flood Plain Zoning, in Wilmington. Mr. MacIntosh was one of those who visited the Planning Board on December 15th to discuss Flood Plain Zoning.

Mr. MacIntosh felt that Conservancy Zoning, restricting lands to agriculture, recreation and uses that will not interfere with the storage of flood waters would deprive property owners of rights without due process or just compensation.

Professor Charles Eliot, in a reply, tried to answer the questions. He wrote, "The real problem is to determine at what point and for what purposes zoning restrictions become so onerous as to be confiscatory - and confiscatory of what? Surely there is no question that property owners have the right to jeopardize the health and safety of the occupants of the wetlands or flood plain, or of the people and properties downstream. If they have no such rights, zoning can't take them away".

Other Business

Five potential school sites, for Wilmington, are to be soil surveyed, two of them by the end of February. In a letter to the Planning Board, the Middlesex Conservation District has agreed to do the surveys, assuming they were for proposed school sites. The reports will be directed towards the suitability of those sites for schools.

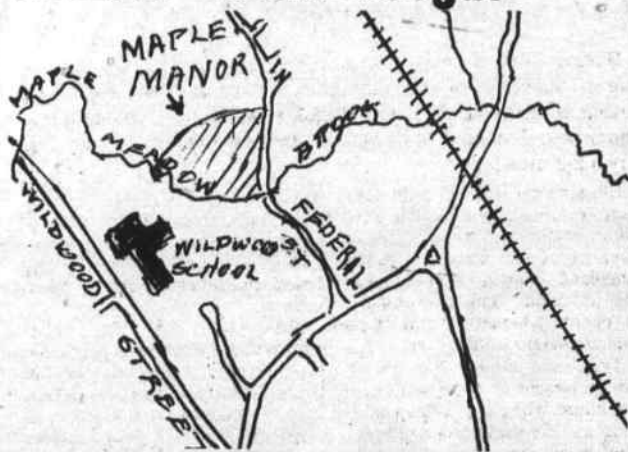

Dennis Hazen, assistant to Professor Eliot, reported that there are 19 conflicts in street names, in Wilmington. This, he said, was cases where names sounded near enough alike to cause confusion, and he recommended the changing of the street names, with either a public hearing or a town meeting.

Attorney Tougas

Eugene Tougas, an attorney from Waltham, who is probably the outstanding attorney in Massachusetts in questions of land development, presented the latest plan for a subdivision to be called Maple Manor, off Federal Street, and near the Maple Meadow Brook. The area has been proposed for a sub-division at least three times, and each time has been turned down by the board.

Mr. Tougas presented the Definitive Plan for Hillcrest Realty, the owner of the property, and it showed two lots, which are planned to be further sub-divided as sold.

It is, to say the least, a novel approach. One of the lots is about ten acres in area, and the other will have about 155,000 square feet.

WHERE ATTORNEY GENE TOUGAS: Has a new proposal for Land Development plans.

Maple Manor, off Federal Street, is adjacent to the Maple Meadow Brook, and has been the subject of discussion for years, before the Wilmington Planning Board, and the Wilmington Board of Health.

Over a dozen house lots were shown on previous plans. Tougas has eliminated all that, by showing only two houselots on his newest plan, one of ten acres, and one of 115,000 square feet. After approval he can build the roads, and then have subsequent sub-divisions over which the Planning Board would not have much to say.

After discussion, the Planning Board decided to postpone their discussion.

INSURANCE INSIGHTS

By Lloyd Bender

Property Insurance

Have you considered the security you enjoy because of property insurance?

Property insurance has in recent years become one of our basic institutions. It ranks with banking, transportation, and communication in its significance today.

Property insurance is considered indispensable to our economic system. It has done much to encourage growth of industry. It lifts the important burden of risk from those who would pioneer in new ventures.

Property insurance is a foundation of our credit system. Few bankers will extend credit unless insurance is carried as protection for the loan.

If there is no insurance, the average businessman would have to charge higher prices. He

would have to compensate this way for unpredictable losses. No sensible businessman would forego the benefits of insurance protection.

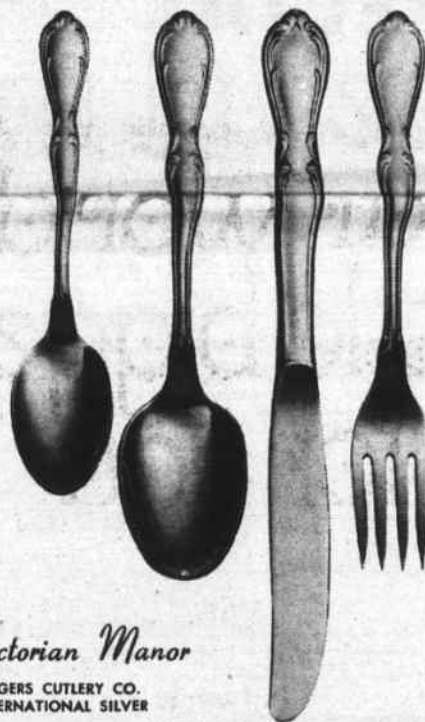

The homeowner who has adequate insurance has peace of mind about his investment.

The Price Goes Up February 1st

The Town Crier of Wilmington, with over 3400 news stand and subscription sales weekly, has a unique method of billing subscribers. This is it!

All Subscriptions expire on December 31 of each year, and are renewable on January 1. The price is \$5.00 a year, in Wilmington and \$6.00 for out of town subscribers.

Servicemen's Subscriptions, given only to sons and daughters of regular subscribers, as a part of the subscription, are \$1 a year. This barely pays for the postage, and this courtesy is not extended to families who purchase from news-stands.

During the month of January, each year, a \$1 deduction may be made by subscribers who send in their money, with no billing necessary other than this annual reminder. This unique method of renewing subscriptions saves money for Town Crier subscribers, and work for the office staff of the Town Crier.

Send in Your Subscription Money NOW! This week! If you live in Wilmington the price is only \$4, and if you live out of Wilmington the price is only \$5, plus \$1 for each serviceman who is to get the paper.

This offer is good only During The Month of January. On February 1, the price goes back to the regular price of \$5 a year in Wilmington and \$6 a year, out of town!

IN 1970 THE EVANS FARM WAS TORN DOWN

A familiar landmark of Wilmington disappeared during the last part of 1970 - the Evans Farmhouse and chickenhouses, in North Wilmington. Overlooking Route 93 and Route 125, it was a familiar landmark to hundreds of motorists, and it had been the home of the Evans family for 37 years.

Bob Evans had operated a chicken farm there from the time he and his father had bought the property, back in the early 1930s. When Route 93 was constructed, in 1955, the road went right through the house, and Bob moved it to another site, adding to it in the process, so that it became quite an imposing farmhouse, with a sunporch, and probably 11 rooms. One of the windows on that sunporch was five feet high and 13 feet long - quite an imposing window. Bob had had it made in a New Hampshire plant.

In 1969 the Evans farm was sold, for the sum of \$248,500 - a price of nearly \$12,000 an acre. Rumors at the time attributed the sale, which was made through agents, to Howard Johnsons and other roadside companies.

The purchaser was, it turned out, the Standard International Corporation, a firm with an office building in Andover. Standard International had plans for a new office building, because of lack of space.

But the new office building never materialized. In the same building in Andover with Standard International was Northeast Airlines, which during the past year has become a part of the Northwest Airlines. The office space needed by Standard International was available in their own building, as a result.

The Evans farmhouse and chickenhouses, standing empty, were an invitation to vandals. The plumbing was ripped out of the house. The big window in the sunroom disappeared, all in one piece. Even the tiles in the bathroom were gone - the building was stripped.

Fearing that the building was an invitation to tragedy, Wilmington's Building Inspector, Roy McClanahan, late in 1970, wrote a letter to the owners, asking them to either burn down the buildings, or to board them up. They chose to tear them down, which happened in November. A bulldozer, in one day, demolished the last of the old Evans Farm.

A Happy New Year !

1971 brings with it a new awareness of the need for the prevention of pollution - an awareness of what is called Ecology.

Part of Wilmington's ecological problem is solved by the Town Dump, a place that is amply large to serve the town for years, at the lowest possible cost to the taxpayers of the Town.

The attendants are instructed to be courteous to all Wilmington residents who bring trash to the dump. They are also instructed to be certain that those who come are really residents of Wilmington.

We try to maintain a clean dump. We ask of the people of Wilmington the same consideration we give them. Please leave your trash and rubbish where directed by the attendant. Co-operation and courtesy are a part of our lives, and it makes the world a better place in which to live.

Compugraphic is the Growth King

There is a sign in South Wilmington, overlooking Route 93. It is in front of the Compugraphic Building and it says, simply, "Compugraphic Needs 43 People".

In a time when everyone is talking of unemployment that is quite a sign and it is quite a company.

Ten years ago, give or take a few days, Compugraphic was a gleam in the eyes of two men, both of whom had had a lot of experience with Photon, the Wilmington based originator of phototypesetting.

Today Compugraphic is one of the larger, and fastest growing firms in Massachusetts. It has five buildings in Wilmington, is planning another, and hires space in both Stoneham and the Merrimac River Valley.

There are over 1100 employees. It is a Non-Defense industry. Compugraphic is the Growth Company of the 1960 Decade.

Garth and Hansen

William Garth Jr., of Concord, and Ellis Hansen of Concord, while employed by Photon, noted that there were no provisions being made for the smaller newspapers, in the development of newer methods of typesetting. They resolved to do something about it.

They had the technical skills and know-how. Ellis had been Chief Engineer for Photon, and Garth is a MIT graduate, with a degree in chemistry.

Garth and Hansen believed that there was a need for automatically setting type, for smaller newspapers. They set out to design such a machine, and when they had completed it they called it a JusTape. It sold, early in the past decade, for \$23,000, and they established a small plant in Reading.

Compugraphic did not grow by leaps and bounds, at first. There were many long months of hard work, but it did grow, and five years ago it was obvious that a new site would have to be found.

That was when the firm moved to Wilmington, into a building with 15,000 square feet, on Concord Street.

In 1961 their sales had been only \$16,000. Two years after moving into their Concord Street home, in 1967, sales were \$2.7 million.

According to Bill Garth "we just wanted to develop new products, and have others manufacture them," but with their move to Wilmington this was all changed. They began to develop their own manufacturing plant, and in 1967, their own sales force.

It was the decision to have their own sales force that proved to be a catalyst for Compugraphic.

The Concord Street plant was doubled, to 30,000 square feet. It wasn't enough.

Compugraphic was soon contracting for a new plant, overlooking Route 93, in South Wilmington, on Industrial Way. Even before they had completed moving into their new home (retaining the Concord Street plant) they were planning to double it in size, by adding another 87,000 square feet.

And that's not the end. They leased the building in which Ling Electronics was located, on Industrial Way, and another, and now they are planning the erection of a new building, on West Street, on fourteen acres of land.

They hope soon to have the new building under construction.

Two men started the firm in 1960. Today there are over 1100, and the end is not in sight. Compugraphic, in a town where many plants are being established is growing, is the Growth King.

BUNDLE DAYS

To help children in Appalachia who need decent school clothing Superintendent of Schools, Walter Pierce appealed to the people of Wilmington to participate in the 25th Annual Save the Children Federation's Bundle Days Drive.

Each school will serve as a sponsor for Bundle Days to be held from January 11th through the 15th.

American school children collected over 3,000,000 pounds of good used clothing in the 1965-1966 Bundle Days Drive. The clothing collected is distributed through the 105 Federation clothing centers in Appalachia.

Children in Appalachia need an education if they are to make a better life for themselves. They need warm, durable clothes to wear to school.

Groups and organizations are also invited to send or bring wearable shoes, coats, dresses and suits for children and adults to any of Wilmington's Schools during Bundle Days.

Founded in 1932, Save the Children Federation, international child welfare organization of Norway, Conn. helps children and their families in the United States and in many countries abroad through a sponsorship program, an international self-help scholarship fund and the annual used clothing collection.

The Federation is registered with the U.S. State Department Advisory Committee on Voluntary Foreign Aid and is a member of the International Union for Child Welfare.

APOLLO DRIVE

The Wilmington Planning Board is currently advertising for a public hearing which will start the ball rolling for the name of a street in a former gravel pit in North Wilmington, south of Salem Street.

The street is to be named Apollo Drive. The derivation of the name comes from the appearance of the moon's face, in Project Apollo, being similar to the appearance of the old pit.

The Ad Hoc Advisory Committee

The Ad Hoc Advisory Committee to investigate the future school building now has all its members with the exception of the representative of the Conservation Committee, not yet named.

The town committees nominated their representatives to the advisory board, they are as follows: John Brooks and Barbara Hooper of the School Committee; Walter Pierce, School Administration; James Miceli, Board of Selectmen; Richard Howlett, Finance Committee; Morton Grant, Planning Board; John Waugh, Recreation Commission; Alfred Hambleton, School Faculty and Lionel Baldwin, Richard Cogan, William MacKinnon, John Nealon, and David Trickett will represent the Community; Conservation Committee, not appointed at this time.

The newly-formed committee will be busy reviewing the many reports made available to them.

One of the reports contained in the folder provided for the advisory committee is a survey of the Wilmington Public Schools taken in April, 1967 by the State Department of Education. This report suggested the following building program to be instituted by the Town: a) additions to the Woburn Street and Wildwood Street Schools, b) two twenty-four room elementary schools and c) a new 1,600 high school (expandable to 2,000). It further suggested that the West, Walker, Center, Whitefield and Rogers School be replaced and the Buzzell School be used as a Curriculum Center, further the Swain School could be utilized by undertaking interior modifications and building an addition to this facility.

The report contained the construction dates for the schools the West School, now being used for trainable students, was built in 1872; the Center School, now

used as a curriculum center, 1885; the Walker, 1896; the Whitefield, 1901, the Swain, 1914; the Buzzell, 1935; the Rogers, 1939; (with an addition in 1950) the Wildwood, 1954; the Glen Road, 1959; the Boutwell, 1960; and the Woburn Street, 1964.

The High School was built in 1950 with additions in 1955 and 1959, the Intermediates: North, 1962 and the West, 1966.

Of the recommendations of the survey taken in 1967, the following have been accomplished, a) one twenty-four room elementary school (the Shawsheen) and addition to the Woburn Street School. The Rogers School has been phased out and the Center School is used as a curriculum center.

The new advisory committee will have to decide which of the other recommendations of the survey will satisfy the educational needs for the school system, but still be done inexpensively enough not to make a great leap in the tax rate. A rather delicate position to be in considering the economics of the times.

But before such a decision can be made they must familiarize themselves with all the considerations, educational specs, cost factors, soil survey, drainage, traffic patterns, all the multitudinous problems, on which they must base a final decision.

VON G. TAYLOR, JR. Son of Mr. and Mrs. Von Taylor of 11 Parker Street left on January 5th for Adak, Alaska for active duty with the Navy Seabees.

The first foreign language paper in the colonies was the 'Philadelphia Zeitung' published by Benjamin Franklin in 1732.

Lena May Eames Taught Wilmington Schools For Forty Years

Mrs. Lena M. (Shaw) Eames, of 121 Shawshen Avenue, who died on December 27th was a teacher in the Wilmington Public Schools for over 40 years, before her retirement in 1950.

Ninety years old on November 25th, she was a native of Woolwich, Maine, and first taught in the old South School, on Chestnut Street in 1902. It was there that she met her husband, the late Alden N. Eames, Civil Engineer.

After their marriage she and her husband made their home on the old Walker Farm, on Shawshen Avenue, and she taught in the West School, until it was closed. When it was re-opened she again conducted classes there it being the last of the "one-room" schools in Wilmington, teaching

from about 1925 to her retirement in 1950 at the age of 70. She was universally well-liked and respected, in spite of her retiring disposition. She had been, in past years, a member of the Wilmington Women's Club.

Mrs. Eames is survived by her son, Alden Shaw Eames of Wilmington, and a daughter, Mrs. Barbara Partridge, of Sonoma, California. There are several grandchildren.

Private graveside prayers were held on December 29th at the family lot in Wildwood Cemetery with the Rev. Kevin Savage of the Forest Street Congregational Church offering the committal prayers.

Funeral arrangements were by the J.B. McMahon and Son Funeral Home of Wilmington.

CHARLES W. MACLEAN DIED FRIDAY

Charles W. MacLean, of 15 Forest Street died at his residence on Friday, January 1st.

Born in Nova Scotia, the son of the late Daniel and the late Mary Ann (MacInnes) MacLean, he was 53 years of age at the time of his death. He had resided in Wilmington for the past 18 years and was a carpenter by trade.

Mr. MacLean is survived by his wife, Mabel D. (Verge) MacLean; his two sons: David R. and Derrick C. MacLean both of Wilmington; his sister: Mrs. Jennie Morrison of Malden and two brothers: John A. and Jack L. both of Canada.

Funeral services were held at the W.S. Cavanaugh & Son Funeral Home, 374 Main Street on Sunday evening, January 3rd at 8 p.m. with Rev. Kenneth Savage of the Forest Street Congregational Church officiating.

Burial took place on Monday at 2:15 p.m. in the Wildwood Cemetery with Rev. H. Allen Taddell of the Wilmington Congregational Church officiating.

High School Sports**WILDCATS WINNING
STREAK CONTINUES**

The varsity sextet continued its unbeaten streak in conference play last week, tripping Masconomet, 4-2 and dropping Chelmsford, 6-2 at the Forum.

In other action Tewksbury won a pair, 5-1 over No. Reading and a 5-3 triumph over Masconomet, while Burlington edged Billerica, 4-3 and Andover dropped winless No. Reading, 4-1.

Coach Fessenden's Club in boosting its record to 4-0-0, snapped a 1-1 tie on a penalty shot by junior Steve Neal and went on to defeat a previously undefeated Masco sextet last Wednesday.

Other goal scorers for the Wildcats were Lance Walden and Dave and Jim Irwin.

Senior Dana Tighe was brilliant in the goal stopping 12 Chieftans shots, six of which were labeled. Seniors Steve Catalano and Mike Esposito played well for the varsity.

In Saturday's encounter with the Lions, the varsity started slowly, as an early power play went for naught as Chelmsford scored, eight seconds after the Wildcats gained a man advantage. Dave Irwin netted his third goal of the season, and his first of a pair to knot the score at 1-1 late in the period.

A four goal outburst in the second stanza put the game away. Neal, Dave Irwin and a pair by Frank McLean lit the red light for the varsity. Lance Walden rifled home his fifth goal of the season early in the last period for a commanding, 6-1 lead.

Co-captains, Jim Irwin and Mike Esposito, with singletons Stev Catalano and with a pair entered the Wildcats scoring column in the assist department.

Dana Tighe turned in another fine effort in the Wildcat goal stopping 15 of 17 shots. Reserve goalie Bob Zwalen played the final 3 minutes and successfully stopped two shots. All members of the varsity squad saw action in this game.

Action resumes on Saturday with a senior-less game against No. Reading at the Forum. Six junior varsity players will be brought up to replace the seven seniors for the 2 o'clock game. The game will not count in the league standings as it is college board day at most schools.

Two very big games will take place next week as the Wildcats tangle with much improved Tewksbury on Wednesday with a 5 o'clock face-off and on Saturday, Jan. 16th arch-rival Burlington provides the opposition.

**HOOP SQUAD
DROPS THRILLER**

The Wildcats returned to the court, after a week layoff, on Tuesday afternoon hosting the Rangers of Methuen. Coach Di-Sarcina's five succumbed to a fourth period rally by the Rangers and lost their third game of the season by a 55-51 count.

The varsity moved out to an early 14-10 first period lead, but trailed at halftime, 26-25. Led by Co-captains, Bill Gustus and Dennis Murphy the Wildcats outscored the Rangers in the third period for a 42-38 lead, however Methuen broke the Wildcats hopes with a

17-9 final period advantage and the Rangers remain unbeaten in conference play.

Gustus and Murphy had 16 points each while Bob Conlin hit for 8, Tom Beaton 6 and Dick Gillis 5 for the varsity.

Coach Stone's jayvees won their third against one loss with a 45-25 drubbing of the Ranger junior set in Tuesday's prelim. Dave McLain led all scorers with 13 points.

The Wildcats hit the road for a pair of conference encounters, including tomorrow evening's clash at Tewksbury. Next Tuesday the varsity travels to Burlington to battle the improved Redmen. Next home game is on Friday Jan. 15th with Chelmsford providing the opposition.

GIRL'S BASKETBALL

The varsity split a pair of games recently prior to opening conference play this week. In their opener against No. Reading, the girls lost 37-31 missing 19 of 38 free throws. Linda Spinney and Joanni Bellissimo led the varsity with 7 and 6 points respectively.

In a road encounter at Dracut during vacation, Coach Dadoly's team tooped the Middies, 43-26 with a well balanced scoring attack. Susan Landers hit for 7 points while Joannie Bellissimo Carlene Butler, Betty Kroll and Michele Lomard chipped in with six points each.

The jayvees also split, losing to No. Reading, 23-15 and edging Dracut, 20-18. Pat Pintrich was outstanding for the junior set in each game.

The girls are on the road this weekend with a Friday game at No. Andover before returning home next Tuesday against Burlington.

TRACKMEN WIN OPENER

Coach Kelley's varsity track squad topped No. Reading, 49-37 in the league opener recently. The Wildcats copped seven firsts in the 10 event meet.

Junior Jack Barry, 6.6 in the high hurdles, and Rick Keane, 10:57.5 in the 2 mile gained first place finishes along with senior Co-captains Carl Cotter, Shotgun, and Larry Harrington, 600 paced the varsity to its initial seasonal win.

Other firsts went to Cliff Friberg, mile, Bill Badiali, 300 and the relay team of Harrington, Badiali, Jim Murphy and Mike Curran.

Second place winners were: Curran, dash, Kevin McCormick, 1000, Tom Mirasola, high jump and Ralph Decker, shotput. Murphy gained a third in the 300 to complete the Wildcat scoring.

Ernie's is still unbeaten in the Adult loop, as it toppled Sweetheart, 71-64, for its third straight victory last week. Newhouse downed DeLoury, 96-80, in the other contest.

Dan Ballou scored 17 points, Keith Arnold 16, Don Bailey 15, Tom Pote 11 and Bruce Arnold 10 for the well-balanced Ernie's attack. Ed Doherty netted 17 and Irwin Patterson and Stan Sheltra 11 apiece for Sweetheart.

A 29-18 first period sent Newhouse off and running in its win over DeLoury. Dave Orndoff, the league's leading scorer, tossed in 32 points and Steve Donahue added 25 for Newhouse, while Pete Farrell scored 14 and Jim Mantini 12. Don Miller collected 22 and Bob Flores and Len Gustus had 15 each for DeLoury.

Another twinbill will be played at the high school gym next Wednesday night, starting at 7:15 with the Sweetheart-DeLoury game, followed by the Ernie's-Newhouse clash.

In senior division play last Saturday the Royals moved into a first place tie with the Lakers as Coach Bailey's quintet belted the Knicks, 38-31 and the upstart Bullets romped over the Pistons, 58-36.

The Chiefs remained unbeaten in junior loop action with its fourth straight win last Saturday, a 35-20 triumph over the Raiders. Doug McLain paced the divisional leaders with 10 points. Jim Stewart and Vin Scifo chipped in with 8 and 6 points respectively for the Chiefs. Bob Burns netted 11 for the slumping Raiders.

In other action, the Patriots drubbed the hapless Broncos, 29-13 and moved into second place, while the Jets bested the Chargers, 22-15.

Northeastern edged Tufts, 17-14 for their third consecutive win in Intermediate action last week. Larry O'Brien hit for 8 points and John Cleary chipped in with 6 to pace Coach Waller's squad. Poitier led the Tufts attack with 10 points. Harvard bombed Holy Cross, 20-2 behind the 17 point performance of Bob Sferrazza in the other intermediate game.

Action this Saturday includes the Raiders-Jets, Chiefs-Broncos, Patriots-Chargers encounters in the junior set, while in the senior loop the Royals-Lakers Knicks-Bullets and Piston-Celtics round out the high school program.

Northeastern plays Holy Cross at the West Intermediate while Harvard and Tufts clash at the North Intermediate.

The same holds for the other three mentioned. They have no one to fight their battles, and take no part in politics of the town. But they are now being offered more, by out of town forces.

In all four instances, the supply is short, and if Wilmington were to allow these men to leave for more golden climes, the people of Wilmington would be paying the bill, for a long time, until suitable substitutes could be found.

And, Judy, don't go comparing the 1730s with the 1970s. Back in those days there was only one paid official, the Puritan Minister. And, if you must, he was mostly paid in cords of firewood.

plunked into an old friend...the Barrows truck with 'North Wilmington Nurseries' still clear on the side....and can you remember the cows waltzing across Lowell Street with that truck steaming behind them....or is that dating this Gal?

Mrs John Foye of West St returned home last week from the Winchester Hospital. She is now happily recovering from the surgery and would like to hear from you friends.

Jeff Adams and George Anderson made us proud by appearing on the honor roll at the Shawsheen Valley Tech High School...That's the way, Boys.

Thank you to Dave Wiberg this week for thinking to clip that article on the full time schools and sending it to us. We really believe in that all-year round use of buildings... No doubt this Gal has come through loud and clear on that score....Not an industry or business in the world would leave such expensive plants vacant for three months of every year. They'd be bankrupt...and with the economy going the way it is, I believe we all ought to take a long hard look at the use of these buildings....Thanks again Dave for taking the time to let us hear from you.

Three weeks til No 2 son is happily back at the Hut....and then the Clan will have a party. Let me tell you....Tis likely to go on for a week....

Love ya!

With the move of our Components and Metrigraphics Divisions to their new building, D.R.C. completes its relocation from Stoneham to Wilmington.

From time to time we shall be approaching Wilmington residents to fill personnel vacancies as they occur. We want this to be in the nature of one friend approaching another so let us tell you a bit about ourselves.

We are trying to create an open, honest, trusting environment where individuals experience mutual respect, where jobs are fulfilling, where personal and corporate objectives are blended to produce quality products at a profit, and where personal goals are achieved.

This is a big order. It represents our goal. We are honestly working to become an enjoyable and creative place for people to invest their lifetime careers.

It is our intention to list job openings as they occur. But whether or not we list an opening in your particular area you might wish to stop in and talk with our personnel staff and find out more about us. We welcome such exploratory conversations. None of us can predict the future—but it might be we belong together.

"Apt. for rent. Five story bldg. White plastered walls, furnished with heated bunk beds. Efficient inter-com. Recreational facilities. Fishing and hunting nearby. Located in irrigated valley with warm springs." Does this appeal to you? If so, you're out of luck. Apartments with these amenities were built over seven hundred years ago by the Hohokam Indians.

Each building housed five to ten thousand people. Among them were skilled engineers, astronomers, and farmers much like a community of today.

For reasons we don't know, the Hohokams abandoned these dwellings in the United States and Mexico about 1300 A.D.

The remains of some of them can be seen when you visit the Southwest.

When Carl Sandburg wrote that we live in an age of colossal upright oblongs, he might well have meant centuries ago and not just today.

COMMONWEALTH OF MASSACHUSETTS SHERIFF'S SALE

December 16, 1970
Taken on execution and will be sold by public auction on Saturday the 23rd day of January, 1971, at 2:30 o'clock P.M. at my office 100 Merrimack Street, Lowell, in said County of Middlesex, all the right, title and interest that John J. Pratti, of Wilmington, in said County of Middlesex, had, not exempt by law from levy or from attachment on the second day of March, 1970 being the time when same was attached on mesne process in and to the following land, which is shown as being Registered Land (Certificate of Title number 18710, in Book 88, Page 219).

A certain parcel of land situated in Wilmington, in the County of Middlesex and said Commonwealth, bounded and described as follows:

Northeasterly by Salem Street, fifty-seven and 35/100 (57.35) feet.

Southeasterly by Lots 71 and 86, two hundred sixty-nine and 92/100 (269.92) feet.

Southwesterly by said Lot 86, fifty-six and 1/100 (56.01) feet; and

Northwesterly by Lot 69, two hundred sixty and 10/100 (260.10) feet.

All of said boundaries are determined by the Land Court to be located as shown on Subdivision plan 2224-C, Sheet two (2), drawn by Alfred Millhouse, Civil Engineer, dated July, 1921, as approved by the Court, filed in the Land Registration Office, a copy of a portion of which is filed with Certificate of Title 1603, and said land is shown as Lot seventy (70) on said plan.

Do you get bubbles when you paint?
If so, to be sure you get a bubble-free finish when applying varnish or enamel, never wipe a freshly loaded brush over the rim of the can to remove excess paint. This causes a foamy bubbling of the material, making it hard to brush out smoothly.
Try putting the sides of the bristles lightly against the inside of the can above the surface of the liquid to remove the extra. Then flow the paint on liberally with moderate pressure, and cross-stroke lightly with an almost dry brush.
Painted like a professional!

Try shopping at A.B. SWEZEY, INC., 615 Main St., 658-2051 for all your paints. We know you'll be pleased with the large stock we carry. There are 720 colors in the Pittsburgh paint line—we're sure to have the shade you've been looking for...Hours: Daily 8 AM-5 PM, Fri. 8 AM-9 PM.

Helpful Hint: In a freshly painted room, place a large open can of cold water containing a large onion cut in half. Paint odors disappear within a few hours.

Varicose veins are a misery.

The veins of the legs (primarily) are affected. These veins swell and cannot return blood to the heart.

Numbered among causes of the disease are the possible inheritance of weak valves and veins, severe coughing, straining, or heavy lifting, occupations that require continuous standing, pregnancy and phlebitis.

Consult your physician. There are many medical treatments available for the condition.

Get effective but not excessive exercise. Walking and swimming greatly aid in stimulating circulation in the legs because the gentle muscular action has a squeezing effect on the veins.

There are many reasons to bring you to SILVER LAKE PHARMACY, 52 Main St., Tel. 658-4617. Assorted Greeting Cards. Whitman and Candy Cupboard Chocolates. Cosmetics including Clairol. Open EVERY day. HAPPY NEW YEAR.

Helpful Hint: To remove grass stains from white clothing, wash the stains with pure alcohol and they will soon disappear.

KING AND QUEEN: Of the Fifth Annual Military Ball of the Wilmington Crusaders, held on December 28th were Bobby Lambert and Mary Silva, both of the Blue Angels of Danvers.

Attendants were Joanne LaPinto and Robert Appolone, also of the Blue Angels, and Peggy Harvey and Bob Gilchrist, of the Portland (Maine) 5th Regiment Defenders.

Letter

Dear Larz:

The crusade to obtain freedom and humane treatment for American servicemen held prisoners in Southeast Asia by Communist forces will be continued by V.F.W. Post 2458 of Wilmington.

A massive letter writing campaign to the North Vietnamese delegation to the Paris Peace Talks was being launched by the V.F.W.

All Americans are invited to join in this vital project. Our men are being subjected to barbaric physical and mental subjugation and we firmly believe that if our country shows it is united over this issue this inhumane treatment will stop and they will be released.

The letters are to be addressed

to Xuan Thuy: Delegation of the Democratic Republic of Vietnam: 8, Avenue General Leclerc: 94 Choisey-le-Roi: Paris, France.

Thuy is chief negotiator for North Vietnam. Cost of postage is only 20¢ and the letters should contain the following points: 1. The names of all Americans (prisoners of war and missing in action) be released. 2. Humane treatment of all held and 3. The return home of all prisoners starting immediately with the sick and disabled.

The Post and its Ladies Auxiliary recently circulated petitions urging freedom and humane treatment for American POWs held by the North Vietnamese, Viet Cong and other Communists in Southeast Asia.

More than 2 million signatures have been gathered by V.F.W. members throughout the United States. V.F.W. Commander-in-Chief Herbert R. Rainwater personally sought to deliver them to the North Vietnamese delegation in Paris but they callously refused to see him or to even receive the petitions.

This rebuff will not halt us. Commander-in-Chief Rainwater firmly believes that a show of concern—that Americans are united over the wellbeing of our POWs—will

result in better treatment and eventual freedom for these men.

Respectfully,

Charles Reinbolt
Post Commander, V.F.W. 2458
